

Test Results

The Classroom Assessment Tool can help students focus their studying by identifying their areas of strength and weakness. Students will be provided with the following information in their results profile:

1. Their score on the Classroom Assessment Tool test
2. Their probability of passing the CPNRE
3. Their scoring profile indicating their score in each of the 3 competency categories and in each of the 3 cognitive levels tested by the CPNRE.

The results profile will be emailed to the address provided when the student logs in, and it can also be printed. Students may access their results profile at any time by logging in again using their assigned username and password. However, they will not be able to review the questions and answers once they have completed the test.

CPNRE Sample Classroom Assessment Tool Results Profile

Your results profile!

Your score on the CPNRE Classroom Assessment is converted to a common measurement scale and compared against the established passing point used for the Canadian Practical Nurse Registration Examination (CPNRE). Based on your performance on the Predictor Test, the probability of passing the CPNRE was calculated and found to be 50% - 55%, as shown in the graph below.

Probability of Passing the CPNRE

<20%	20%- 25%	25%- 30%	30%- 35%	35%- 40%	40%- 45%	45%- 50%	50%- 55%	55%- 60%	60%- 65%	65%- 70%	70%- 75%	75%- 80%	80%- 85%	85%- 90%	90%- 95%	> 95%
							50% - 55%									

Your performance on the CPNRE Classroom Assessment demonstrates that you have a good start at preparing for the exam, although you must continue to study and work to ensure success. Be sure to review your Performance Profile to determine your areas of strength and weakness in the competency categories. Review some general practical nursing textbooks, concentrating on the problem areas, and also consult textbooks specific to the problem areas.
